PROFESSIONAL EXPERIENCE

Senior Manager, SEO & Organic Growth | ELSA Speak Mar 2026 – Present

Own SEO, AEO and ASO strategy across Japan, Vietnam, Thailand, US and Taiwan, with month-over-month app installs as the core business KPI.

- Increased app installs **84% within the first 3 months** by leading ASO keyword research and metadata localization across 8–10 markets.
- Ranked **#1 in the US App Store** for the keyword “english app” (up from position 2) through targeted ASO optimization.
- Own technical SEO for the global site, aligning site architecture, performance and indexation with organic and install growth.
- Partner with CRM teams to drive funnel conversion — managing install-to-trial (I2T) and trial-to-subscription (T2S) rates and running growth initiatives to boost revenue.
- Rebuilt web-to-app install attribution integrity — corrected an AppsFlyer methodology issue inflating reported “SEO installs” **~10x**, and fixed a domain-exclusion bug that silently blocked Smart Banners on regional subdomains (re-architected to one workspace per subdomain).
- Defended AI share-of-voice against declining Google AI Overviews presence (tracked via Ahrefs Brand Radar), and identified and scaled ChatGPT as a material new install source across JP, VN, TH and TW.
- Built a **semantic embedding / vector database of ~20,000** Vietnamese content URLs powering semantic search, deduplication, topic clustering and RAG retrieval.

Paid Media Specialist | UpperCut Mar 2026 – Present

Australian agency • 13-account Google Ads and Meta portfolio across 11 clients.

- Manage a **13-account paid media portfolio** — three Google Ads accounts under a single MCC plus ten Meta ad accounts — owning budget pacing, allocation and run-rate forecasting against brief.
- Meta portfolio Mar–Sep 2026: **A\$40,500 managed across nine accounts**, returning **636 purchases and 76 leads** from 4.3M impressions and 128K clicks at a blended 3.00% CTR and A\$0.32 CPC — strongest account at 10.1x purchase ROAS.
- Built the automated reporting layer: API data pulls, scripted account extraction and a database-backed pacing dashboard with period-over-period comparison and anomaly alerting.

SEO Lead & Email Marketing Specialist | LUMetest (Lume) • PTE Magic Sep 2025 – Present

Lead organic growth and lifecycle email for AI-powered English test-prep platforms — PTE Academic, PTE Core and the Duolingo English Test.

- Maintain and grow organic traffic, stabilizing **~5% month-over-month growth** across high-intent landing pages and blog content.
- Built email automation and lifecycle campaigns converting free-trial users into paid subscribers — segmented by exam type and study stage to lift activation, conversion and retention.
- Developed an AEO-aware content strategy around mock-test, scoring and score-improvement queries to capture organic demand and feed paid-conversion funnels.

Paid Media Specialist | Craft Hub Jun 2024 – Dec 2025

Licensed ecommerce • Meta acquisition across two ad accounts.

- Ran paid social acquisition across **159 campaigns and 262 ad sets** for licensed catalogues including Warner, DC, Lord of the Rings and Jurassic World.

- Ran value-based bidding — ROAS goal, Highest value and Bid cap — across Advantage+ Shopping, CBO and ABO structures, with US-only, worldwide and US-excluded market splits.

SEO Manager & IT Support | Mindful Organization Apr 2024 – Jun 2026

Own SEO, AEO, conversion and technical site operations across WordPress and Shopify for a wellness community brand.

- Engineered content for the AI answer layer — structured for query fan-out coverage and answer-engine retrieval via schema, semantic density scoring, deep-dive topical depth and **chunk-level optimization for RAG indexing**.
- Integrated AI-driven optimization (NLP, LLMs, RAG, vector embeddings) into content and site architecture; tracked and grew AI citation count to strengthen authority in AI-generated answers.
- Drove **145% YoY organic sessions, 114% YoY sales revenue and 79% YoY order volume** through funnel, content and technical optimization.
- Lifted Core Web Vitals compliance **from 5% to 90% of pages** and reduced page errors to near zero through ongoing technical maintenance.
- Built lead-capture and automation systems — signup forms, pop-ups, gated content and Zapier workflows — to expand and nurture the mailing list.

SEO Manager | Phibious Apr 2023 – Dec 2024

Led SEO and content strategy for enterprise clients — technical SEO, AI-assisted content and strategic site migrations, working closely with product and development teams.

- Grew Bridgestone organic traffic **30k → 50k in 3 months**; maintained Cleanipedia at **1.5M monthly visits**.
- Improved Threexfive (Dep365) site performance 1.5x post-migration; ranked Schneider Electric at 70% top-1, 20% top-5 and 10% top-10.
- Ran advanced analysis in BigQuery and Google Cloud; managed Colorful, Strapi and Adobe CMS platforms.

SEO & ASO Manager | Hellobacsi Dec 2021 – Apr 2024

Led web and app SEO/ASO and a 20+ person team, integrating CRM, Web Push and Media Push for direct engagement and retention.
